FINANCIAL POLICY

Due to continual changes in dental insurance plans, we can no longer give accurate estimates regarding dental insurance reimbursement for services rendered. We will do our best to calculate the insurance and patient portions, but please understand that this is a "best guess" estimation. Please be aware that whether or not you have dental insurance, you are responsible for the full financial cost of services rendered. If you would like to know exactly what your insurance will cover, we recommend that you contact your insurance carrier directly. We can also preauthorize recommended treatment on your behalf.

As a courtesy we will continue to submit claims to your carrier; they will decide whether or not a procedure will be covered, and, what amount they will pay after the claim is processed. We allow 60 days for insurance claims to process and if after this time period your insurance has not reimbursed us, you will be responsible for payment in full.
